Sreechithra Ayurveda – a brief profile.

Sreechithra Ayurveda has a rich background of propagating authentic Ayurveda for over four centuries (400 years). This family of renowned physicians continues to earn great respect in the area of curative treatment in Ayurveda. The great services of these ancestors to the society inspired later generations of this family to promote Ayurveda and this continues to be passed on to the next generations as well. Satisfied guests from across the globe are our brand ambassadors.

Sreechithra Ayurveda has two aesthetically designed centers at Chavakkad (close to Nattika Beach).

Sreechithra Ayur Home

Located on the banks of the picturesque Canoli Canal, this beautiful Ayurveda center is the right place to relax and shed away your stress. At Sreechithra Ayur Home we have rooms and cottages overlooking the river. A short cruise in the country boat here would be an added experience to cherish during your stay with us here

Sreechithra Ayur Yoga Theeram

The **Sreechithra Ayur Yoga Theeram** has been designed and conceived after repeated requests from our guests travelling from various parts of the globe for a facility on the beach. This Ayurveda facility is perched right on the beach. This part of the sea is very silent and safe. The beach is very clean and less crowded.
