The site is a healthcare services aggregator & a multi-sided platform where Global Indians can connect with star doctors, specialty clinics, hospitals, pharmacies, labs, diagnostic centers, home care, and remote monitoring service providers. Each provider is thoroughly vetted and verified through WMC Health Tourism LENS, ensuring high-quality and reliable service.

Our platform is designed to cater to a variety of healthcare needs. Users can consult with experienced healthcare professionals based in India from the comfort of their home. The user-friendly WMC Health Tourism website and app offer access to expert profiles, easy appointment scheduling, and options for video, audio, or chat consultations. With integrated payment options and a satisfaction rating system, we aim to save time, reduce the need for travel, and minimize risks.

Dedicated case managers at WMC Health Tourism are committed to delivering a superior standard of service, working diligently to keep waiting times to a minimum and assisting with all aspects of the healthcare journey, including coordinating in-person consultations when necessary.

In addition to these services, WMC Health Tourism has a team of family doctors, clinical nutritionists, and lifestyle physicians who guide users in changing their lifestyle, metabolic activities, diet, exercise, and supplements. This guidance is aimed at helping you avoid unnecessary hospital visits and adding more active, healthy months to your life. Users will have the option to schedule regular services including teleconsultations, onsite visits, in-home physiotherapy, medication refills, laboratory services at home, comprehensive home care, and continuous remote health monitoring etc., through hyper personalised cost-effective subscription plans.

You or your loved ones, including parents, can reach out to us through phone, WhatsApp, eMail, Chatbot, a Callback request form, or through our websites and apps. Our excellent customer success team is always ready to respond promptly and make the experience as easy and seamless as possible.
